Extempore Speech Competition is one of the finest methods for our students to intrigue their creative thinking instantly and speak out their ideas with precision eloquently. In other words, extempore speech is about good communication skills, clarity of thought and ability to express one's own views in a given time. ❖ **FUNDAMENTALS ON THEMES:**

Best Movies According to You:

Indian cinema, known as Bollywood, is celebrated for its vibrant storytelling, colorful musical numbers, and diverse cultural narratives. It spans genres from romantic dramas like "Dilwale Dulhania Le Jayenge" to epic historicals like "Baahubali," showcasing rich traditions, social issues, and often blending entertainment with powerful messages. Bollywood's influence extends globally, captivating audiences with its unique charm and cinematic flair.

Your Favorite Dish

One of my favorite Indian dishes is biryani, a flavorful and aromatic rice dish cooked with spices, meat (often chicken or mutton), and sometimes vegetables. Originating from the Mughal cuisine, biryani offers a tantalizing blend of flavors and textures, enriched by saffron, fried onions, and fragrant herbs like mint and cilantro. Its complexity and rich history make biryani a beloved culinary treasure across India and beyond.

What you do in social media?

Social media has revolutionized communication and connectivity in the modern world. It serves as a platform for instant sharing of information, ideas, and experiences among billions of users globally. Social media facilitates networking, fostering connections both personal and professional. It also amplifies voices, enabling advocacy for social causes and political movements. However, concerns arise over privacy, misinformation, and addiction, prompting ongoing debate about its impact on society and individuals. Ultimately, responsible use and awareness of its implications are crucial in harnessing the benefits while mitigating risks.

Usefulness of YouTube:

YouTube has become an indispensable platform in today's digital landscape, offering a wealth of content that caters to diverse interests and needs. It serves as a vast repository of knowledge,

providing tutorials, educational videos, and documentaries that empower viewers to learn new skills or deepen their understanding of various subjects. Moreover, YouTube is a hub for entertainment, featuring music videos, comedy sketches, and gaming streams that entertain and engage audiences worldwide. Additionally, it serves as a platform for creators to showcase their talents, share their stories, and build communities around shared interests. The accessibility and breadth of content on YouTube make it an invaluable tool for learning, entertainment, and cultural exchange in the digital age.

Your favourite star/ celebrity:

Indian celebrities occupy a unique position in global popular culture, admired for their talent, charisma, and influence. From Bollywood actors like Amitabh Bachchan and Deepika Padukone to cricket icons such as Virat Kohli and Sachin Tendulkar, these figures captivate millions with their performances and achievements. They not only entertain through films, sports, or music but also wield significant social influence, advocating for causes and shaping public opinion. Indian celebrities exemplify the intersection of talent, ambition, and societal impact, making them cultural icons revered both within India and internationally.

- Having completed the first 5 minutes, three questions are expected from the other participants to be answered by the speaker. In absence of a question from the participants, the house is allowed to pose a question to be answered. For such questions no marks are assigned but the response to the question is marked. In case of no question, the speaker may conclude the speech. In such situation, judges are entitled to give marks to the speaker favorably due to no questions to the speaker.
- Direct and to the point types of questions should be confined to the topics of debate and comments or rhetorical statements or jargons are strictly discarded.

Report on Group Discussion: Political Socialization and Its Agencies

Introduction: On May 16, 2022 the Department of Political Science at Jatindra-Rajendra Mahavidyalaya organized a group discussion for 6th Semester students on the topic "Political Socialization and Its Agencies." We know that there is a holiday on the 16th of May for 'Buddha Purnima', but to boost the morale of the sixth semester students recovering from the trauma of the COVID-19 pandemic situation, we have organized this competition on that day.

The students were divided into six groups, each tasked with exploring different facets of political socialization. The discussions were evaluated by a panel of judges, and three groups were awarded first, second, and third prizes for their exemplary contributions.

Objective: The primary objective of the group discussion was to foster a deeper understanding of political socialization and its various agencies among the students. Political socialization is the process by which individuals acquire political beliefs, values, attitudes, and behaviours. The agencies of political socialization include the family, educational institutions, peer groups, media, and political parties.

Group 2: *Educational Institutions*

Key Points Discussed:

The role of schools and colleges in imparting civic education. Influence of teachers and curriculum on political awareness. Extracurricular activities such as debates and student councils.

Outcome: This group underscored the structured and formal nature of political socialization within educational settings, noting how educational policies and teacher biases can shape political perspectives.

Group 3: *Peer Groups and Social Networks*

Key Points Discussed:

The impact of friends and peer groups during adolescence. The role of social networks and peer pressure. Comparisons between traditional peer groups and online communities.

Outcome: Group 3 discussed the powerful role of peer influence, especially during formative years, and how social media platforms have expanded the reach and intensity of peer interactions.

Group 4: *Mass Media*

Key Points Discussed: The influence of television, newspapers, and online news sources. The role of propaganda, media bias, and fake news. Media consumption patterns among different demographics.

Outcome: This group effectively illustrated the pervasive influence of mass media in shaping political opinions and the challenges posed by media bias and misinformation.

Group 5: *Political Parties and Organizations*

Key Points Discussed:

The role of political parties in mobilizing voters and shaping political ideologies. Influence of party campaigns, rallies, and membership. Case studies of political socialization through party affiliation.

Outcome: Group 5 emphasized the active role of political parties in engaging citizens and fostering political identity through organized activities and campaigns.

Group 6: *Religion and Cultural Institutions*

Key Points Discussed:

The influence of religious teachings and cultural practices on political beliefs. Role of religious leaders and cultural events in political mobilization. Intersection of religion, culture, and politics in different societies.

Date : 03-03-2022

Time : 12.00 P.M.

Venue : Amtala High School Playground, on the Northern Side of the College Campus.

Every year students from all quarters of society join different colleges for higher education. They meet new people and secure fulfilling friendships. It is a way to welcome them as an integral part of the college in which they have sought admission. Freshers party is a fun-filled event, meant to entertain the new students. It is a way to make them feel comfortable and secure in a different environment. The orientation is designed as a celebration intended to extend a warm and kind welcome to the newcomers, enhance the feeling of community, and motivate juniors to strive for excellence.

On 03.03.2022 the Cultural Committee of Jatindra-Rajendra Mahavidyalaya organized the “Nobin Boron Utsav” on the Playground of the Amtala High School (adjacent to the college) to encourage, support and inspire the newcomers in their academic journey ahead. The members of the Cultural Committee of J.R.M. played a major role in guiding the senior students to organize and coordinate this event. The Lamp Lighting Ceremony marked the commencement of the Programme. It was immediately succeeded by the inaugural speech of the Honorable Teacher-in-Charge, Prof. Geetali Bera, an Associate Professor of the Dept. of Philosophy of J.R.M. It was immediately succeeded by the welcoming speech of the revered President of the Governing Body of this college, Mrs. Nazneen Khan. The Governing Body members like Mr. Zulfikar Ali Bhutto, Mr. Sanjay Haldar and other respectable persons from neighboring areas, all faculty members and non-teaching staff of J.R.M. attended this cultural event. Some of them addressed the gathering through motivational speeches and also steered the students by their inspiring thoughts.

Consequently, mementos and cover files were presented to the newly admitted students by respectable personalities and representative senior students in turn to welcome them as a part of this college. Next, the college staff and a huge number of students, approximately 500, enjoyed the Cultural Programmes performed by some senior and ex-students of J.R.M. Many of them were given a fair chance to showcase their talents like singing, dancing, oratorical and other potentialities through magnificent performances.
